YOUR SERVICE

☐ **NOVA TRIM TUNING:** measuring all lines with a laser device and optimize the length of the lines for the best handling, safety and performance
76,70 € excl. tax

☐ **NOVA FULL SERVICE:** NOVA TRIM TUNING, visual inspection of all single parts of the wing, measuring line strength, measuring porosity, measuring tear strength of the fabric.
This service is mandatory on your paraglider every 2 years, but at least at every 100 operating hours.*
163,40 € excl. tax

☐ **NOVA REPAIR:** please tell us your repair wish in the repair sheet and put it together with this service sheet into your gliders box. We will contact you as soon as possible.

Damaged areas are professionally repaired. It is not always necessary to replace the entire sail track.

COMMENTS (english or german):

* If you carry out a NOVA TRIM in the first year of a new NOVA wing the first NOVA FULL SERVICE is required after 3 years instead of two.
